Sophia and her enemies

An elderly, but batty goat woman (Age 63):

- Height is around 7’9 ft tall (or 213.36cm)
- Her fur is a discolored white, has red eyes and wears a red velvet dress.
- She’s the main villain Sophia and the gang has to deal as she’s the one who’s pulling the strings for her monstrous goons.
- Her main motive is to receive Sophia’s necklace to gain immortality and eventually gain the potential power that Sophia discovers along the way for world domination.

A spiritual pirate Fox (Age 59):

- 6’7 ft tall (or 182.88cm)
- Without emitting a blue aura glow to it, his fur is red, yellow eyes, and looking more scuffed.
- Has a phantom parrot on his side to spy on their whereabouts
- Has a pirate crew on his side to aid him fighting against Sophia and her friends along the way

- His main goal is to capture Sophia, who wears the necklace to make her the medic in the group and grow in number to take over her home town.

Ideas for later:

- Vampire bunny (in his 40s physical, but 400+ year old)
- A dream demon sheep (50 years old, who's after the necklace, alongside with tormenting Sophia and her friends).
- The Grim Reaper that wants her soul for cheating death from the car accident.
